Deposit of 25% required upon order placement, balance due upon install. If the customer requests a change to the installation date, prices are subject to change based upon pricing at the time the request is made. If Reeds Ferry is not able to build the shed on the day of installation, or has to stop building, tear down, or move a shed because: the site is not prepared properly, there are overhead electrical wires within 16 feet that have not been sleeved or power turned off, or a permit is required and either the customer has not obtained one or has not adhered to town setback rules with respect to shed placement, then a restocking fee of at least $500 will be added to the order. See additional sales order information for additional details.
